

DREADED HOST

These datasheets allow you to fight Apocalypse battles with your Chaos Knights miniatures. Each datasheet includes the characteristics profiles of the unit it describes, as well as any wargear and special abilities it may have.

KEYWORDS

Throughout this section you will come across the **<QUESTOR TRAITORIS>** keyword.

This is shorthand for either the **INFERNAL HOUSEHOLD** keyword, or the **ICONOCLAST HOUSEHOLD** keyword, as described below.

<QUESTOR TRAITORIS>

All Chaos Knights owe their allegiance to either an Iconoclast household, an Infernal household, or the Dark Mechanicus.

Chaos Knights datasheets have the **<QUESTOR TRAITORIS>** keyword. When you include a Chaos Knights unit in your army, you must decide whether that unit owes its allegiance to an Infernal household, an Iconoclast household, or the Dark Mechanicus. If the first, then you replace the **<QUESTOR TRAITORIS>** keyword in every instance on that unit's datasheet with **INFERNAL HOUSEHOLD**; if the second, you replace the **<QUESTOR TRAITORIS>** keyword in every instance on that unit's datasheet with **ICONOCLAST HOUSEHOLD**.

DREADBLADES

You can nominate any Chaos Knight to be a Dreadblade, regardless of whether it owes allegiance to an Infernal household or an Iconoclast household. If you do so, the unit gains the **DREADBLADE** keyword as a Faction keyword on its datasheet.
